

# The International Conference on Information Networking 2011 (ICOIN 2011)

January 26(Wed)-28(Fri), 2011, Kuala Lumpur, Malaysia

<http://www.icoin.org>

## GENERAL INFORMATION

This is the 25<sup>th</sup> Edition of the International Conference on Information Networking (ICOIN), which was started under the name of Joint Workshop on Computer Communication in 1986. ICOIN 2011 will take place in Kuala Lumpur, Malaysia. The conference is organized by Korea Institute of Information Scientists and Engineers (KIISE), Korea, with the technical co-sponsorship of IEEE Computer Society. ICOIN 2011 conference looks for significant contributions to the computer communications, wireless networks and converged networks in the theoretical and practical aspects. Original papers are invited on wired/wireless network architecture, communications protocol, future internet, u-infrastructure and sensor networks.

## TOPICS

Authors are invited to submit original unpublished manuscripts that demonstrate recent advances in data communications and wireless networks. Areas of interest include, but are not limited to:

Network and transport protocols  
High-speed networks  
Routing, switching, and addressing  
Future Internet/NGI  
Traffic management  
QoS and resource management  
Wireless networking  
Ad hoc and sensor network  
Home networking  
Mobile networks and wireless LANs  
Overlay networks

Wireless multimedia systems  
Measurement and performance analysis  
Internet and Web applications  
Service management  
Ubiquitous networks  
Active and programmable networks  
Multimedia communications  
Network convergence technology  
Delay tolerant network  
Social networking  
Network security

## INSTRUCTIONS FOR AUTHORS

Authors are invited to submit a full paper electronically as PDF files through EDAS, <http://edas.info>. The direct link for paper submission is <http://edas.info/N9001>. Details about the submission process including formatting instructions will be available at the conference website, <http://www.icoin.org>. All submitted papers are subject to peer reviews by Technical Program Committee members. Accepted papers for presentation in the conference will appear in the proceedings which will be available to workshop participants during the workshop. More details will be made available in subsequent announcements and on our website. There will be a Best Paper Award for outstanding contributed papers.

All accepted papers will be published in the proceedings with assigned IEEE ISBN number and will also be included in the IEEE Xplore Digital Library.
